# DIMENSION™

di•men•sion (dī-mĕn'shən)

1. A physical property regarded as a fundamental measure
2. A construct whereby objects can be distinguished

The Faultless Starch *Laundry Products Group* is pleased to announce the development of DIMENSION™, an economical and unique blend of sizing and natural polymers designed to:

- Provide excellent stiffness with no highlighting on widest variety of fabrics.
- Provide better wash out and less build up on most fabrics
- Perform perfectly in wide range of water temperatures.
- Provide a more natural starch feel with the endurance of a synthetic.
- Provide an economical and stable value compared to “cheap” alternatives.

**DIMENSION™ is also an excellent choice in Linen Operations – especially Spun Poly!**

- Excellent hand on finished goods.
- Increased efficiency in production flow-through.
- Reduced maintenance down time compared to cooked and raw starch operations.
- Positive impact on BOD levels compared to cooked and raw starch operations.

**USAGE TABLE\***  
(Fluid ounces per 100# dry weight)

Sheets / Pillow Cases	4 to 8 ounces
Shirts	6 to 12 ounces
Linens	8 to 14 ounces
Chef Coats / Aprons	8 to 14 ounces

\*Adjust for particular circumstances or regional requirements.
