# NEW CAN BENEFITS

## IMPROVED DESIGN

Constructed with fewer seams to reduce risk of leaks or corrosion.

## EASIER ON ENVIRONMENT

100% recyclable steel, less propellant, and less plastic.

## BETTER SPRAY PATTERN

Advanced stem and valve assembly creates a better, more even spray pattern and eliminates clogging!

## ERGONOMIC SHAPE

Can and nozzle design are easier to hold and use—reducing fatigue.

# FAULTLESS<sup>®</sup> SPRAY STARCH

Faultless<sup>®</sup> Professional Formula Spray Starch continues to dominate the market where discerning professional finishers rely on this industry-only formulation.

Formulated with more starch solids than retail and competitive options to provide consistent, even distribution.

Better coverage and less spray time means faster finishing with reduced labor and fatigue!

### Same great formula, better delivery system!

Crisp cottons and linens in less time! Our product enhances your image as a professional cleaner.

Product Code #20724

Pack/Size - 12/20 oz. | Ship Weight - 18.3 lbs
